Can I submit Non RapidWeaver Created Sites?

No we don't not accept Non rapidweaver created sites! so please don't submit them!

What's considered "acceptable for all viewing audiences"?

We will not list site that:

- condone hatred towards and gender, race, creed, nationality or sexual orientation.
 - depicts sexually explicit material.
 - depicts excessive nudity that is not considered art.
 - depicts excessive violence, animated or real.
-

Do all sites get listed?

You bet only if they are created with RapidWeaver! Provided you site is rated PG and acceptable for all viewing audience then we will list it on our site. Not all sites make it to our [Featured page](#) but all submissions will turn up on the [showcase page](#) sooner or later.

When will my site show up?

How long it takes for your site to appear is dependent on the number of people in the queue before you. Lots of people means you wait a while. Not very many people means you get listed fairly quick.

How do I submit my article to RapidWeaved.com?

Go to the "Submit" page and choose the "Submit article" button. On the page that follows you will be presented with a few simple questions and a box to submit your copy in. Alternately you can attach a text file, HTML file, PDF or Word document. Please jot down a quick biography of yourself as well.

How do I get my site listed on RapidWeaved.com?

Go to the "Submit" page and choose the "Submit site" button. On the page that follows you will be presented with a bunch of questions; try and fill out all the fields as best you can with as much details as you can. It makes your site sound better and makes our job easier.
